"THE COIN MACHINE MERRY-GO-ROUND"
BY BILL GERSH

INFORMATION PLEASE

Our "Information Center" was busier than the proverbial one armed painter with the itch this past week. From almost every state in the union came one request after another. Also many long distance phone calls. We had one man who needed a Hostess music system for Newfoundland and asked for immediate info as to where he could get one - luckily, we located one for sale. We were simply swamped with requests for dozens of items. We hope we were able to satisfy all requests. Information is always available at The Cash Box.

LARGER ADS

Without much advance notice many of the men this past week, came in with larger space. This past issue therefore was the first - practically the inaugural issue for larger sized ads. We hope that you liked them. We know that they are easier to read-better seen - and cover a multitude of ideas in a hurry. Those men who want larger space can follow along the style that was initiated in this past November 17 issue and current issue.

SLOWER FREIGHT

We all read about the freight and passenger train slow down. This was bound to come just the same as the 35 M.P.H. ruling came in for autos. Only by slowing down their speed can the railroads, who are really doing a terrific job, save their equipment. But, the most important factor for coinmen is to arrange for this slow down of train service by anticipating needs as far in advance as possible. Crack passenger train service between New York and Chicago is expected to take an hour longer.

MORE SOLID

One noted coinman wrote me this past week and in his letter he had something which struck me as most apropos of the present coin situation. It reads, "The industry seems to me to have become more solid. By that I mean it is smaller and more highly concentrated, tougher and therefore better able to weather the war. I believe that the men now engaged in the industry will be there when the war is over and will be the leaders about whom a new and bigger and better industry will arise."

ROUTE PROTECTION

Some of the largest distribs have told us that they have set out routes of machines so that they could weather the war. These men are intent on remaining in the coin-game. They feel that after the war it will be one of the topnotch, moneymaking businesses of the country. Many also believe that a short depression will arise while manufactories tool up for new products and that the coinbiz will tremendously benefit from this lapse of new product production and gain a great number of new coinmen. These men, the nucleus of this industry, are therefore working hard to maintain their present establishments to be right in there when that time comes.

REVAMPS

As predicted sometime ago in The Cash Box - revamps have at last come into their own. Revamp manufacturers are busier than they ever were. Demand continues brisk. A lot of problems have arisen. One being the percentaging of these new machines. But, this is reported solved and orders continue to flock in daily to the revamp factories. There is no doubt that this division of the coinbiz will be among the busiest and will probably prove to be the savior of many a route.

SLOTS

Demand continues unprecedented for slots. Regardless of make or model and in some cases regardless of even the condition of the slot, they are being grabbed up and put into operation. One large distrib told us, "Slots are like money in the bank. In fact, a lot better than cash on hand because they grow in value every day." Watch slot prices jiggle about until coming to a more solid footing.

"THE COIN MACHINE MERRY-GO-ROUND"

SPEED

One large, noted Southern coinman writes in to tell us that he was cleaned out of certain machines he advertised before he opened his place of business Monday morning. He writes, "I got phone calls at my home on Sunday afternoon and evening. Each one of these was from men who had already received The Cash Box by airmail special delivery. I didn't know you had that sort of service. But, one of these men told me about it and that the cost was only $26.00 additional for the year. Find enclosed my check for this amount." (Many have taken air-special subscriptions to The Cash Box.)

IT PAYS TO BUY GOOD MERCHANDISE

Just a casual thought for after the war on the value of buying solidly made equipment suggested by the fact that Skyfighters made by Mutoscope two and three years ago have so high a resale value today. No doubt Mutoscope could have rebuilt them flimsy and therefore could have sold them at a lower price originally, but it is evident if they had done so there would have been no resale values such as these machines enjoy today.

INDOOR CONFERENCE

We quote from a letter received from Ben Axelrod, Olive Novelty Company, St. Louis, Mo. because it typifies many similar letters we have received. After you read it send us your reaction to this proposal: "We are very much in favor of having an indoors recreation conference in Chicago. We believe that this will tend to strengthen the industry by creating good will among all the operators and jobbers who attend these conferences. We believe that there will be quite an exchange of ideas among the members of this conference, and this exchange of ideas should help every one connected with the coin machine business. We feel however, that there should be no publicity, nor should there be a display of machines. We find that in our territory the less publicity we receive, the more efficiently we can operate. We are very enthusiastic about this conference, and would like to attend some time after the first of the year."

PAT ON THE BACK DEPT.

W. S. Redd of Northwestern Music, Sterling, Ill. writes "Wish to take this opportunity to offer my congratulation for the work you are doing with The Cash Box. I think it is definitely a great contribution to the industry."

LOOK AHEAD

A snail started to climb a cherry tree in mid winter. A beetle stopped to watch and said sneeringly "What are you climbing for - there are no cherries up there". The snail quietly answered "There will be when I get there!"

LOTS OF ACTIVITY COMING

Chamber of Commerce "continuing survey of families from coast to coast" reports after the war 2,100,000 families intend to buy new autos. 1,500,000 new refrigerators, 1,200,000 new washing machines, 1,200,000 new radios, 4,500,000 new furniture, 900,000 intend to buy or build new homes. Don't sell the U.S.A. short!

DIG 'EM OUT

For somtime we've advised coinmen seeking equipment, to get around - into the garages, cellars and warehouses - and dig out a great number of machines now lying idle. We met one coinman on a train bound for Chicago and learned he had gone into one territory where he had actually found carloads of 1-Balls and even Arcade equipment. (The revamp manufacturers are in position to make these old machines doubly valuable.) Dig 'em out. Get 'em to the market. The Trade needs them.

"INDOORS ENTERTAINMENT CONFERENCE"

First Ballot Report

The first votes are in. A large number of them, too. The results of this first balloting shows a toss-up for the INDOORS ENTERTAINMENT CONFERENCE to be held either in Chicago or New York with one coinman suggesting Cleveland or Cincinnati. The 3rd week in January and the 1st week in February are preferred.

Most of the voters also mentioned they would bend every effort to get fellow coinmen with whom they are well acquainted to come along and would write, wire and phone these men and form a group to make certain that they come. All those who have so far voted are 100 percent for a real business conference. If you haven't voted we repeat the ballot for your special attention.
